We have just finished our Spring semester. It has been so encouraging to see how God has changed so many students lives. One exciting new thing we have begun is to reach out to the University of Tampa with the Gospel. Our first semester there has been really fruitful! We would like to share with you some of the highlights from our ministry to the University of Tampa, along with the testimony of USF student named Shyanyne.

### Please Pray for:

- Students who are going home for the summer to continue to grow in their relationship with Jesus.
- Zulema and Kelechi to be healed in their hearts by the love of Christ.
- Freshman Orientation, for divine appointments with incoming freshman.
- All of our staff to reach their ministry partnership goals for this summer. I'm praying to raise an additional \$285 in monthly partnership and \$2,800 in special gifts.

*"So the word of the Lord was growing mightily and prevailing."  
~ Acts 19:20*

Growing up, I didn't attend church regularly, but I believed in God. In my junior year of high school, I started attending church consistently but wasn't focused on God. I faced challenging situations throughout my senior year, and I started blaming God which eventually made me disconnect from Him. After high school graduation, I started going to parties that didn't glorify God. Realizing how separate I was from God, I cried out to Him to put me in a place where I could grow. And He brought me to USF.

During my freshman year of college, I met a campus minister and started studying the Bible with her. She showed me in the word what it means to have a relationship with Christ. Going to church and seeing how the members of Cornerstone lived their lives, I knew the joy they had was what I wanted. So I started attending church more and doing all the things that a Christian would do. But I was living a double life by still hanging out with the wrong crew and doing things that were not Christian-like outside of church. I had a constant battle of trying to please God and man.

When freshman year was ending, I took advice from a campus minister to find a church back in my home-town for the summer. During that summer, God really showed me how separate I was from Him and how much of a double life I was living. I was tired of living that way and wanted to leave my old life behind. I knew I needed to make the decision to give my whole life to Jesus just as He gave His whole life for me. So during the end of that summer, I gave my life to the Lord.

Coming back to USF my sophomore year, I knew I needed guidance with my relationship with God. Getting plugged into this church and being discipled really helped me grow in the Lord and lay a solid foundation in my life. I thank God for the advice I got to find a church back in my home-town that led me to accept Jesus into my heart. I will forever be grateful for the family God provided me with here at Cornerstone Christian Church. **Shyanyne**
